Reflexw pricelist

ReflexW 10.5: a 64/32 bit Windows7/8/10/11-based computer program for processing and interpretation of

- **GPR** (Ground Penetrating Radar) data (reflection and borehole-borehole)
- **seismic reflection and refraction** and borehole-borehole data

Reflexw program packages	standard single licence	academic single licence
The basic program for the 2D-processing and interpretation of GPR and seismic reflection data REFLEXW GPR/reflection seismics 2D <i>2D data-analysis (incl. Reflex2DQuick)</i>	EUR 1200	EUR 900
The basic program for the 2D- and 3D-processing and interpretation of GPR and seismic reflection data REFLEXW GPR/reflection seismics 2D/3D <i>2D data-analysis (incl. Reflex2DQuick)</i> <i>3D data-interpretation (incl. Reflex3DScan)</i>	EUR 1800	EUR 1350
The basic program for the 2D-processing and interpretation of GPR, seismic reflection and seismic refraction as well as borehole data REFLEXW refraction/reflection seismics and GPR 2D <i>2D data-analysis (incl. Reflex2DQuick)</i> <i>modelling with wavefield simulation and travelttime inversion</i>	EUR 1800	EUR 1350
The full program for the 2D- and 3D-processing and interpretation of GPR, seismic reflection and seismic refraction as well as borehole data REFLEXW complete 2D/3D <i>2D data-analysis (incl. Reflex2DQuick)</i> <i>3D data-interpretation (incl. Reflex3DScan)</i> <i>modelling with wavefield simulation and travelttime inversion</i>	EUR 2300	EUR 1700
Our lowcost programs for special applications		
Reflex2DQuick	EUR 600	EUR 450
SeismoCross (incl. Reflex2DQuick)	EUR 600	EUR 450
ReflexVibro	EUR 600	EUR 450

All prices are for a perpetual licence and are net in EURO and subject to change without notice. A single licence allows the installation on several computer but only the simultaneous use on one computer. The academic licence prices are valid for universities and other educational or pure research institutions. The delivery is by e-mail (download) including a pdf-formatted manual.

A **site licence** (unlimited number of installations and simultaneous uses within your company department or university institute) amounts the double price for each Reflexw configuration mentioned above.

A **site licence** for Reflex2DQuick and/or Reflex3DScan (unlimited number of installations and simultaneous uses within your institute) amounts the triple price for a single licence mentioned above.

Free telephone and **e-mail support** are given. We offer **free updates** for the first **five years** after purchase.
